

Film School 4 Teens

JCS Family of Schools has a partnership with the company Film School 4 Teens. Film School 4 Teens offers high school students a variety of courses online. This is a great opportunity for students to take classes that they are interested in before they graduate so that they can go into the field with some pre-existing knowledge. It also gives them the opportunity to try out different skills before committing to one when they graduate high school.

Film School 4 Teens currently offers online: Intro to Filmmaking, Photography 4 Teens, Acting 4 The Screen, Youtube 4 Teens, Video Editing 101, and Graphic Design 101. Intro to Filmmaking is a year-long course, while Photography 4 Teens Acting 4 The Screen, Youtube 4 Teens, Video Editing 101, and Graphic Design 101 are semester-long courses.

If you are interested in registering for a course, please inform your EF and they will register you for the class. All of the classes are 100% online and you do it at your own pace. As of now, there's no set start date, so you can start a course whenever you would like. If you would like a course reflected on your annual transcript for the Spring semester, you must complete the course and notify your EF by **mid-May**, no exceptions. If you are graduating this year, you are required to complete the class and notify your EF by mid-May if you want it reflected on your high school transcript. Each course that you complete will give you 5 elective credits.

If you are interested in more information please visit their website: <http://www.fs4t.com/> or reach out to your Academic Counselor.
